**University Contacts**

**College of Veterinary Medicine**

There has been on, occasion, some miscommunication between the College of Veterinary Medicine and other units of the University. We need to redefine the College interface with other campus offices. The College of Veterinary Medicine Accounting Services is the principle contact point for any matters dealing with the University Comptroller's Office; Ancillary Services/Purchasing is the principle contact point for any matters dealing with Procurement & Contracts; and the Dean's Office is the principle contact point for any matters concerning Human Resources.
