## SMALL ANIMALS

- a. During regular business hours, AHC faculty, staff and students are responsible for the delivery of small animals to the Small Animal Necropsy Cooler. Animals should be placed inside this cooler.
- b. The same protocol applies to nights and weekends. Students on necropsy will not be responsible for transport of deceased AHC animals to the Small Animal Necropsy Cooler.
- c. All patients for necropsy must be properly tagged and appropriate necropsy paperwork must be submitted at the time of submission of the carcass. Provided identification tags must indicate owner name, clinician name, medical record number and signalment. No animals can be placed in the Small Animal Necropsy Cooler without identification.
- d. Faculty, staff and students will be responsible for initial clean-up after business hours.
